

## DS

### D Series - Standup Kiosk

Evolution Line Compatible  
No Moving Parts  
Vandal Resistant  
Powder-Coated Steel Construction  
Reliable  
Transportable

The DS unites rock solid performance and affordability. The streamlined design of the DS is suited for many environments that require a small footprint - highly configurable kiosk. The all-in-one unit comes powder-coated in your choice of colors and can be branded with custom graphics or artwork to proudly display your companies logo or advertising effects.

All Kioskpros kiosks are designed to withstand self service punishment and abuse by only using high quality components. This allows us to back our entire line of kiosks with a standard 2 year warranty.

KioskPros leads the pack in reliable, cost effective, self service kiosks.

Reliability, low total cost of ownership and increased life expectancy make the DS a great choice for demanding self service applications.
